

To Whom It May Concern,

I regret to inform you that I intend to resign from the position of Pediatric Clinical Effectiveness Researcher at the Medical College of Wisconsin, effective December 15th, 2023.

I immensely appreciate this opportunity to work with Dr. Ashima Singh and Dr. Rodney Sparapani in the field of pediatric research. This experience has been integral in my development as a statistician, and I could not have asked for a more encouraging and collaborative team. For this, I will always be grateful to the Medical College of Wisconsin for providing such a transformative experience.

Please let me know if you require any additional information from me during this period of transistion.

Sincerely,

Ryan Gallagher
